

DESCRIPTION

Using original art, mirrors, or decorative panels, our Eclipse Vertical Art Lift features an electronic sliding lift that silently moves artwork up and down, completely concealing your TV with art from your personal collection. Suitable for displays up to 95" diag., the Eclipse Vertical is the perfect solution for when horizontal wall space is limited but design is important.

KEY FEATURES

- Artwork from client collection
- Noise Level less than 50dBA (near silent)
- Maximum weight of art/frame/panel is 30lbs
- Simple hanging with fine adjustments for placement
- Movement Options: Up-Down
- Minimum of 3.5" depth required for recess mounting
- Precision: .0625"
- Exclusive Lutron Electronic Drive System
- Aircraft Aluminum construction with black hard anodizing
