

Description

Bringing style to your Sonos® system, our Ente Soundtile contains two channels of audio by Leon and power by the new SONOS AMP®. Chosen artwork is printed directly onto a perforated metal or fabric grill that can be customized to suit any décor.

Key Features

- All Ente products include Leon's Ultima reference speaker system and SONOS AMP®
- Choice of Leon original or limited edition artwork available online at www.mediadecor.com
- Mounts flush to the wall using an integrated French cleat mount; call for other mounting options
