

DESCRIPTION

Bring style to Sonos with Edge, a custom-built, solid hardwood frame and sophisticated mounting system that elegantly encases any TV and Sonos Playbar®. Designed to conceal all borders of the display and speakers while providing integrated ventilation for the electronics, Edge is available in a variety of finishes to bring a streamlined aesthetic to your Sonos system.

KEY FEATURES

- Handcrafted from domestic or exotic hardwoods
- Available in Light Oak, Walnut, Cherry, Grain White, Grain Black, Matte White, Matte Black, or any custom paint color
- Accommodates Sonos Playbar
- Built-in look without the added cost and construction
- Magnetic frame is easily removed for service or maintenance
- Includes TV mount with leveling adjustments
- Hides all wiring, TV sides, top & bottom
- Proudly custom-built in the USA
