

DESCRIPTION

Using original art, mirrors, or decorative panels, our Eclipse Horizontal Art Lift features an electronic sliding lift that silently moves artwork to the left or right, completely concealing your TV with art from your personal collection. Suitable for displays up to 70", the Eclipse Horizontal is the perfect solution for when vertical wall space is limited but design is important.

KEY FEATURES

- Artwork from client collection
- Noise Level less than 50dBA (near silent)
- Maximum weight of art/frame/panel is 70lbs
- Simple hanging with fine adjustments for placement
- Movement Options: Left or Right
- Minimum of 3.5" depth required for recess mounting
- Precision: .0625"
- Exclusive Lutron Electronic Drive System
- Aircraft Aluminum construction with black hard anodizing
