

**DESCRIPTION**

Our premier moving art solution, the Elite is our most elegant solution for TV concealment. Featuring a patented movement that silently scrolls artwork up and down, the Elite creates a seamless look by holding artwork flush to the back of the frame with magnetic tensioning. Available for both recessed and surface-mounted applications with thousands of art and frame combinations to choose from, the Elite Moving Art Screen is a refined way to tastefully incorporate technology into your home.

**KEY FEATURES**

- Artwork from the Elite Gallery of archival Giclée prints
- Accommodates TVs up to 65" (for larger TVs, use Illusion)
- Noise level less than 38 dBA (silent operation)
- Patented magnetic tensioning with zero clearance between the back of the frame and the art
- Patented scrolling art movement with invisible hembar
- Exclusive Lutron Electronic Drive System w/ IR remote
- Aluminum construction with black powder coat finish
- Can be surface mounted using Elite Razor
- Proudly custom-built in the USA
